METTLER TOLEDO

Introducing Impact S

Fully-featured, Value Priced

Building on the METTLER TOLEDO commitment to outstanding and long-lasting value, the Impact S is packed with features that make a difference. From the multi-interval load cell and state-of-the art user interface to the large label roll and hi-resolution label graphics, the Impact S is designed to deliver unprecedented value. When paired with our remote service tools such as Windataback, and our network of service professionals, the Impact S provides outstanding total cost of ownership.

Impact S will boost profits, promote your In-Store messages, and allow customer service associates to take care of your customers, rather than taking care of equipment. Let METTLER TOLEDO demonstrate how your organization can use this product to positively **Impact** the bottom line.

Boost Profits

Save money on each transaction with precision tare by matching the actual tare value more precisely and reducing the amount of weight attributed to tare. The intuitive user interface reduces training costs and errors, and enables item information to be called quickly.

Promote In-Store Messages

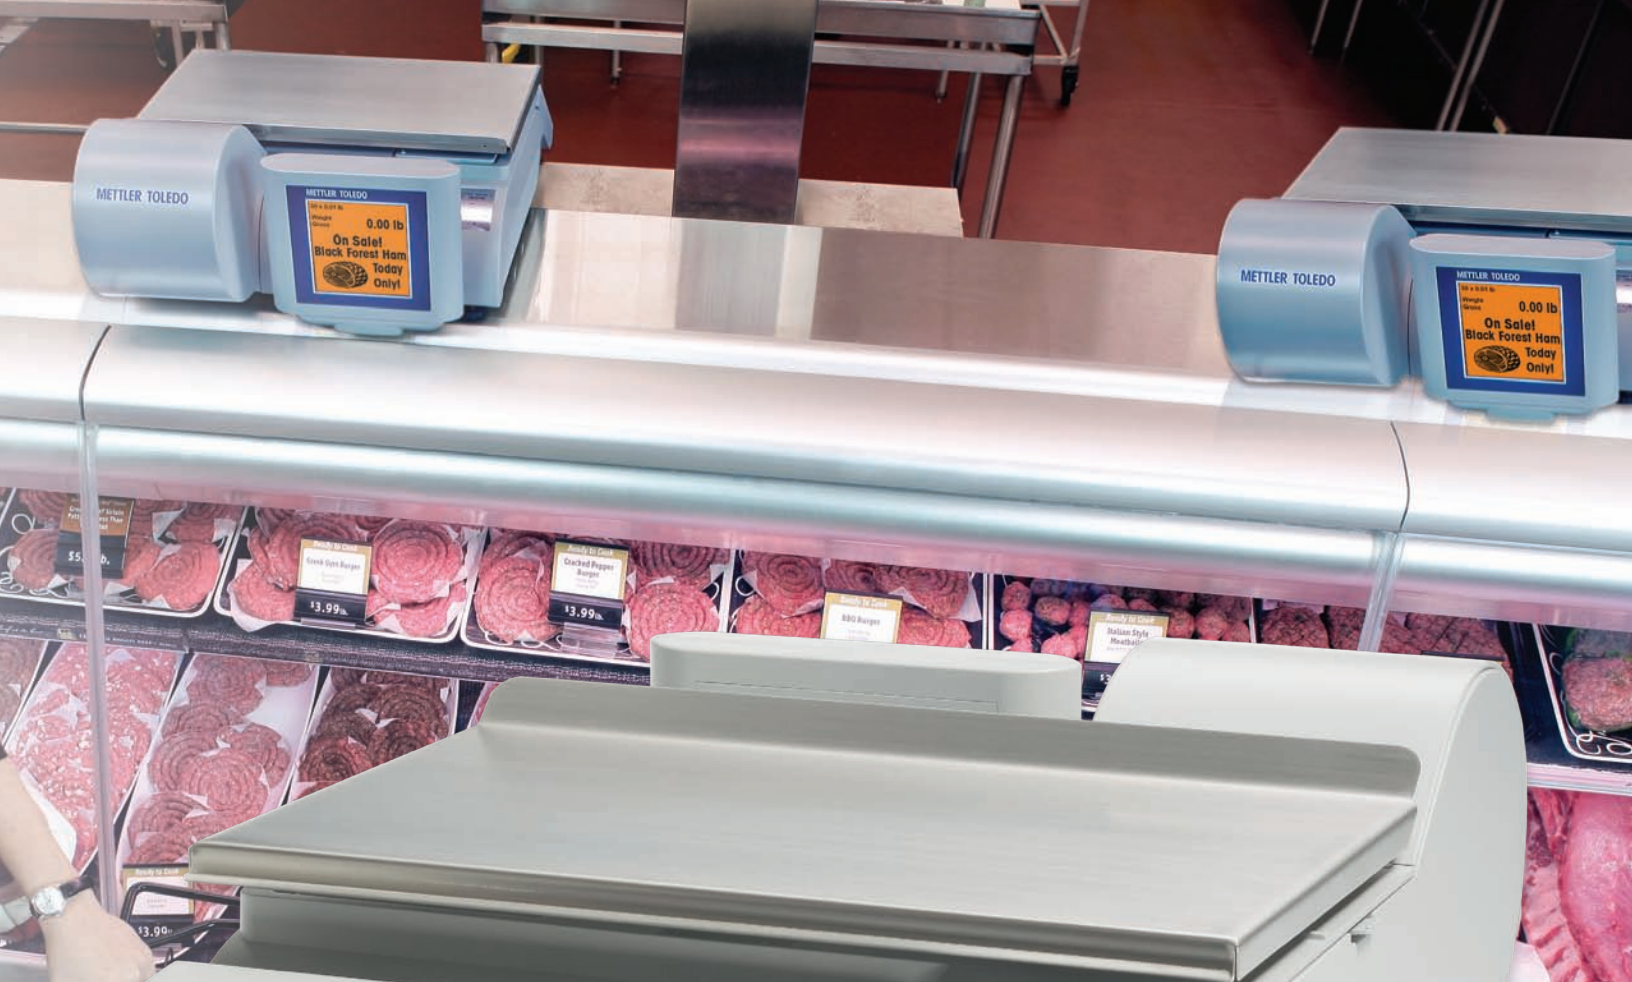

Communicate store promotions and important customer messages to your clientele with a large graphical display. Reinforce these same messages with high-resolution labels with custom formats and graphics to catch the consumer's attention.

Easy-to-use and Maintain

The printer accepts a large 6" label roll, which leads to changing labels less often and allowing more time for customer service. The intuitive user interface also increases customer service time, while uptime is increased with remote services, which enables many service issues to be resolved remotely.

Combination touchscreen and tactile keyboard is easy to use with easy to follow menus.

High-capacity label roll is the largest in its class.

High resolution thermal printer with integral tear-off strip for continuous label stock. Impact S printing capabilities boost sales and build customer loyalty.

Large customer display shows branding messages, logos and promotions.

Service Solutions You Can Count On

The METTLER TOLEDO service organization is driven to provide the highest level of service at the lowest possible cost to our customers. This is accomplished through a strategic mix of service coverage, technical expertise and comprehensive support.

Whether you need professional installations, 24-hour service, access to quality parts or worldwide coverage – the METTLER TOLEDO service team has the solution.
