Cookshack SM260 smoker ovens are designed for operations that need a capacity of up to 240 lbs. heavy cuts per load. SM260 smokers are ideal for operations which continuously need a large quantity of smoked foods or barbecue.

SM260 Features

- ❖ Capacity is 240 lbs. pork butts, 200 lbs. brisket, 100 lbs. ribs, or 40 chickens.
- ❖ SM260 smokers produce hot- or cold-smoked foods by application of heat and wood smoke to meat, poultry, fish, vegetables, etc.
- ❖ Food cooks at a low temperature with no drying drafts of air moving through the smoker. Product is tender, moist, and has low shrink.
- ❖ Heat is supplied by two electronically-controlled 1500 watt heating elements. Temperature range is from 125° - 300°F.
- ❖ The Cookshack IQ4 electronic time/temperature control system cooks at a user-selected temperature for a user-selected time, and then drops to a pre-set or user-selected holding temperature until it is shut off with the master switch.
- ❖ An optional meat probe allows the user to set the smoker to a desired internal meat temperature; when that temperature is reached, the smoker automatically goes into the hold cycle.
- ❖ The digital controller includes cooking pre-sets, alarm cycle, 16-character LCD display, and a quick change module for easier serviceability. It is designed to give the user accurate temperature control. The controller can be customized.
- ❖ Smoke is created as wood smolders in its electrically heated wood boxes. Six ounces of wood smokes 60 pounds of product.
- ❖ For safety, the heating element operates only if door is completely closed.
- ❖ Tough, double-walled steel construction surrounds 850° F Spin-Glas® insulation.
- ❖ SM260 smokers are energy efficient; they are not constantly reheating cool air, and remain cool to the touch on the outside.
- ❖ SM260 smokers are designed to be used inside, with outside ventilation for smoke. Place under a hood, near an outside exhaust fan or attach a Cookshack Smokehood.
- ❖ Meat drippings exit the bottom of the smoker into a removable drip pan for clean, safe operation. Inner accessories remove for easy cleaning. Safe, contained wood boxes slide out.
- ❖ Cookshack smokers are covered by a two-year limited warranty and Cookshack's 30-Day Money-Back Guarantee.
