Specifications may change without notice.

- The FDA Food Code is law.
- In 2012 all 50 states adopted the FDA Food Code.
- If you conduct food processing operations such as vacuum packaging or smoking and curing meats, **you must have** an approved HACCP plan in place.

→ HACCP Portal:

- The HACCP Portal is a tool to help you write your individual HACCP plan. It provides guidance for each step – simple, easy, and fast.
- Visit haccp-portal.com for more information.

AUTO DATA LOGGING

COMING SOON...

The next goal for HACCP reporting:

→ Automatic Data Logging

→ Features:

- Touch display with automatic data logging
- Download logs via USB, Bluetooth, Ethernet or WiFi
- Intuitive controls for cooking techniques
- Most MVS models upgradable*

*Call +1 (714) 283-4200 with your serial number for eligibility.
